### PRICES ARE SET FOR FOODSTUFFS

Illinois Food Administrator Announces Prices Retailer and Consumer Should Pay.

CHICAGO, Oct. 23.—For the first time in the history of the United States, a government representative has fixed the "fair" price of certain foodstuffs. Harry A. Wheeler, food administrator of Illinois, today announced the proper price for sugar, potatoes and flour. Grocers, for the most part, have agreed to put the prices into effect. They are somewhat lower than recent prices in Chicago—about 2 cents in the retail price of sugar.

Mr. Wheeler's list gives the price which the retailer should pay the middleman and the price which the consumer should pay over the counter. Other prices for staples will be announced as quickly as possible. Today's list follows:

Flour, well known advertised mill brands running four bags to the barrel, per bag, retailer pays \$2.80@2.92; customer pays \$2.95@3.18.

One-eighth barrel flour in cotton bag, per bag, retailer pays \$1.42@1.48; customer pays \$1.49@1.60.

Five pounds flour, cotton bags, per bag, retailer pays \$1.32@1.38; customer pays \$1.36@1.42.

Potatoes, No. 1, per cwt., retailer pays \$2.35@2.50; customer pays \$2.40@2.55.

Sugar, best bulk granulated, per cwt., retailer pays \$7.85@7.76; customer pays \$7.90@7.81.

Sugar, western cane granulated in bulk, per cwt., retailer pays \$7.68@7.76; customer pays \$7.73@7.81.

### Reduce Your Fat Without Dieting

Years ago the formula for fat reduction was "diet"—"exercise." Today it is "Take Marmola Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this convenient, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless Marmola Prescription Tablets are sold by all druggists—a large case for 75c. Or if you prefer you may write direct to the Marmola Company, 861 Woodward Ave., Detroit, Mich.—Advertisement.

### EVERY PHYSICIAN IN U. S. TO BE DRAFTED

CHICAGO, Oct. 23.—Enrollment of every physician and surgeon in the United States without regard to the state of his finances or dependents,

for employment in some form during the war, is a probability, according to discussions which preceded the opening today of the eighth annual session of the Clinical Congress of Surgeons. More than 2,500 surgeons prominent in this country and in Great Britain and France are to discuss the problem of how the United States may best care for its men injured during the war.

### AMERICAN AVIATOR KILLED IN FRANCE

PARIS, Oct. 23.—Robert Hanford of Brooklyn, N. Y., an American aviator with the French army, was killed while landing at an aviation school on October 15, according to news received here today. Hanford was a Georgetown University student.

TOTAL ZEPPELIN CASUALTIES. LONDON, Oct. 23.—The total casualties in all districts from the Zeppelin raid last Friday were 34 killed and 56 injured, it is reported officially.

An incomplete official announcement made last Saturday gave the total as 27 killed and 53 injured.

### GERMANS CAPTURE RUSS WAR MONEY

BERLIN, Oct. 23.—Via London.—Among the German captures of booty in the Riga bay operations were three government chests containing 365,000 rubles, says today's army headquarters statement reporting conditions on the eastern front.

### Brigham City News

#### CITY PRIMARIES.

BRIGHAM CITY, Oct. 23.—Brigham City has awakened. In a convention held last night what is regarded as the best ticket ever placed on a ballot in this city was nominated in one of the biggest and most enthusiastic gatherings that has ever assembled here. Early in the evening two conventions assembled, the Democrats meeting in the old court room and the Republicans in the new court room. The convention had progressed for two hours before hints at consolidation were heard, and then a delegation from the Democratic gathering entered the Republican convention and suggested consolidation for the purpose of eliminating party politics in the forthcoming election. After considerable wrangling and no little opposition a vote favored consolidation, which was accomplished, and it was after 11

o'clock before nominations were in order and at 10 minutes after midnight the convention had completed its work and had selected a non-partisan ticket of all young men for mayor and councilmen. A provision in the platform provides for the employment of a high salaried city manager by the new administration.

The ticket nominated is as follows: John W. Peters for mayor. Sperry W. Lawson, councilman, First ward. John W. Phillips, councilman, Second ward. A. M. Hansen, councilman, Fourth ward. C. O. Roskelley, councilman-at-large for the four-year term. N. M. Fishburn for recorder. Miss Trieste Box for city treasurer.

#### EVERYTHING HIGH.

BRIGHAM CITY, Oct. 23.—"War prices" are in effect in this city on cigars, tobacco and cigars are the latest commodity to enter the "war price" column. The better grades of cigars have been advanced from 12½ cents each to 15 cents straight. Local cigar dealers "got together" a few days ago as soon as revenue collectors had finished checking up the tobacco stocks in the city, and decided upon this advance, and now claim that the advance was made necessary on account of increased "war revenue." It develops, however, that the increase in revenue until about November 4, is but \$3.00 per thousand on all common brands of cigars, which reduced, is 15 cents per box of 50, or reduced to the individual cigar is less than one-third of a cent. To recover this one-third of a cent local retailers are charging 2½ cents, and are evidently going to be prepared for probable "extra war taxes" in the future.

For about a week the French artillery had been hurling tons of steel into the German line in front of them in preparing for the drive and when it was started had havoc already been wrought by the guns, in addition to the prisoners taken by the French, the Germans also suffered heavy casualties.

Prussian Guards Captured. WITH THE FRENCH ARMIES IN FRANCE, Oct. 23.—(By The Associated Press.)—The French troops this morning fought one of the most cleverly conceived and most brilliantly executed actions of the war. More than one thousand prisoners belonging to the famous Fifth Prussian guards were taken and the French still continue their victorious progress.

The battle opened before dawn along a nine kilometer front from the northeast of Launay about the neighborhood of Vauxaillon to LaRoche farm. Amid inky darkness the French troops left their trenches and, with a terrific barrage fire, from the most powerful concentration of French guns ever gathered on such a short front, preceded them they made their way forward into and over the first German positions, sweeping all resistance aside.

Altogether six German infantry divisions were aligned, facing the French attacking forces, but none of them was able to withstand the onslaught. The advance continued like clockwork.

The correspondent observed the battle from a point whence he could see the entire line and was able to watch the precision with which the artillery prepared the ground for the advance.

GERMAN LOAN SUCCESS. WASHINGTON, Oct. 23.—Exultant over the success of its seventh war loan of three and a third billion dollars, the German government through its official press agencies, is sending out announcements on the subject to the few remaining neutral countries.

"This proof of economic and financial strength until now unheard of in war history," the statements say, "is

happy, bright, alert—vigorous and vivacious—a good clear skin, a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. They must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty-feet of bowels do.

NORTH SEA RAID. LONDON, Oct. 23.—Sir Eric Campbell Geddes, first lord of the admiralty, made his first appearance in the house of commons this afternoon as a representative of the admiralty to reply to further questions regarding the destruction last week of the convoy of neutral merchantmen and their two torpedo boat destroyer escorts, an inquiry into which occurrence already has been commenced. This inquiry, Sir Eric said, would deal with the general question of convoys, which was being reviewed in consequence of the occurrence. He added that it must be realized that occasional isolated raids by surface craft were incidents which could not always be prevented.

### FRENCH VICTORY NEAR SOISSONS

PARIS, Oct. 24.—While the allied troops were busily engaged in consolidating positions won Monday in Flanders, the French forces of General Petain struck a mighty and unexpected blow against the German line north-east of Soissons Tuesday morning and made some of the most important gains of terrain since they threw back the army of the German crown prince which was besieging Verdun.

The stroke was over a front of about six miles, from the east of Vauxaillon to Pargny-Elain. Under rainy and generally unfavorable weather conditions, the French pushed forward along the line, aided by audacious aviators who flew over the German positions at an altitude of about 150 feet, using their machine guns, and penetrated the German line at one point to a depth of two and a fifth miles.

Numerous important positions fell into the hands of General Petain's men and, in addition, more than 7,500 Germans, an enormous amount of war material and twenty-five heavy and field guns were captured.

The greatest depth of the drive was in the center of the line, where the village of Chavignac was captured after a violent struggle which resulted in the enemy fleeing pell mell. Some of the best troops in the army of the German crown prince were engaged in endeavoring to hold back the onslaught, but their efforts were unavailing under the enthusiasm of the French to win positions which would place them more advantageously to press on later toward Laon.

For about a week the French artillery had been hurling tons of steel into the German line in front of them in preparing for the drive and when it was started had havoc already been wrought by the guns, in addition to the prisoners taken by the French, the Germans also suffered heavy casualties.

### GEORGE DEWEY, 5, IS DOING HIS BIT

EXPECT PEACE IN NOVEMBER. WASHINGTON, Oct. 23.—An Italian workman interned in Germany since the beginning of the war has escaped through the Alps to his own country with a report that the German people want peace and expect it to come in November. Official dispatches received today tell the man's story, according to which the Germans have abandoned hope of victory at arms, laborers are threatening to leave the factories if the war continues another winter and the civil population generally is living under terrible conditions. He said 800 soldiers attending a circus at Essen were killed at one time by bombs of allied aviators.

### The Casper Oil Exchange

is a public exchange established for the purpose of furnishing prices on Wyoming oil stock. The Exchange handles no promotions, but simply buys and sells established stocks for the public on a straight commission basis.

Investors in oil stocks are kept informed of the latest developments in the various Wyoming fields and are supplied with reliable information obtained upon the ground by men who are thoroughly familiar with the local conditions with which they are dealing.

A daily market-letter giving the latest quotations on all active stocks is mailed free to all brokers and investors upon request and the public is assured that all information contained in this letter is unbiased and correct.

This Exchange is owned and managed by prominent business men of Casper, who believe that Wyoming will be the greatest oil producing state in the union.

Casper is situated in the center of the development and is the place selected by the Midwest Refining Company, a Standard Oil subsidiary, for their refineries.—Advertisement.

### SERIOUS RIOTING AMONG AUSTRIANS

Austro-Swiss Frontier Closed Owing to Grave Internal Situation in Empire.

### FACTORIES WRECKED

Women Principals in Food Riots—Police Fire on Crowds.

LONDON, Oct. 23.—The Austro-Swiss frontier has been closed owing to the serious internal situation in Austria, according to an Exchange Telegraph dispatch from Berne today. Several munition factories were wrecked in recent food riots in Vienna, Pressburg, Brunn and Laibach, the rioters being mostly women, the dispatches state. The police, according to the reports, fired on the crowds, killing and wounding many persons.

### HOSTLER NARROWLY ESCAPES CREMATION

SALT LAKE, Oct. 24.—With his clothing literally bespattered with oil and grease, James Ferraco, 529 South Seventh West street, a Greek employed at the Denver & Rio Grande roundhouse as a hostler and helper, climbed into the fire box of a boiler about 7:30 o'clock last night and narrowly escaped cremation.

Ferraco was sent into the fire box to clean out and repack the boiler, when, apparently some remaining sparks ignited his oil soaked clothing. He was hurriedly taken to St. Mark's hospital, where his burns were dressed. It is said that his injuries are not necessarily fatal, but that he will be disfigured for life. The left side of his face and body were badly burned and his hands and forearms were literally roasted.

## WINONA IS HERE

### To Make Money Money Money For Every Body Who Will Join Us

There is wealth enough in Oil for the whole United States in the State of Wyoming. But much of it is still asleep, because there are not enough hands to make it their own. It is lying idle waiting for us to claim it through the strength of our arms and the power of our Brains and money.

ARE YOU GETTING YOURS? If not Why not be one of us and get some of it? We are a young hustling Company of Casper people who will do things. We have Large Holdings in the POWDER RIVER OIL FIELDS and have for our neighbor the Ohio Oil Company, the Jupiter, the Blackstone, the Producers, the Carmania and others.

We have contracted to start our first Rig on Section 34 in 30 days. This section is just three miles in a direct line south of the FAMOUS NOTCHES DOME and about four and one-half miles north of most of the Ohio well on Section 21.

DRILLING MACHINERY with practical men to manage operations and money to carry out our plans, will bring us the results we anticipate.

To secure another drilling outfit to drill on Section 19, we are offering our stock to the public for a limited time only, at—
